#### **2020 New Positions**

The new positions for 2020 listed on Resolution 19-XX have been previously discussed and approved by the Finance and Personnel Committee at the July 8, 2019 meeting. Since that time, Administration has conducted budget discussions with Department Heads including the newly appointed Register in Probate. The newly appointed Register in Probate had agreed that the previously requested increase in hours from 24hrs/wk to 32hrs/wk for the Deputy Register in Probate at a cost of \$10,156 was no longer necessary to pursue at this time but instead budgeted that amount for temporary salaries for scanning projects that will need to be completed. The need of additional hours for the Deputy Register in Probate will be evaluated over the course of the 2020 budget cycle. Below are those position reclassifications that have been approved by the Finance and Personnel Committee during 2019.

Re: Salaries for non-represented, designated employees

Pierce County has historically budgeted for a cost of living adjustment (COLA) for the non-represented, designated employees of 1.25%. This has been in addition to an annual step increase granted from a favorable performance review.

In May of this year, Human Resource Manager Allison Preble has been in contact with other Wisconsin Counties to poll what if any COLA has been applied to their County Budgets and to determine if this COLA was "in addition to" an annual step increase. Several responses were obtained but since it was May, many did not know what final determinations would be made for 2020. (Responses attached)

When we reviewed the responses, it appeared that the average COLA applied from other Wisconsin Counties in 2019 and planned for 2020 was 2%. Those that received a COLA ranged from 1% to 3.5%. Only a small fraction did not implement a COLA as they were operating under a "pay for performance" plan that ranged from a 2% to 4% increase based on review.

Since 2015, Pierce County has been operating under the Carlson Dettmann wage grid that was developed after a rigorous review of submitted job description questionnaires (JDQ) collected by Carlson Dettmann Consultants and Administration. The grid consists of 11 steps from bottom to top. Employees are afforded a step increase based on a favorable review from their supervisor/manager performed annually on their anniversary date. Several employees were placed on the grid on a certain step but not necessarily at step 1. This grid has functioned appropriately since the time of inception; however, it is recommended that wage grids be reviewed every 5-7 years.

Currently, Pierce County has about 85 employees that are either at the top of their scale or redlined above the current scale. This number does not include those employees who are union members (41) or elected (5). Employees that are redlined are not afforded the step increase or the annual COLA until such time that wage grid catches up to their redlined wage regardless of a favorable review.

The current, proposed budget includes a COLA of 1.25% for non-represented, designated employees but it would be important for this committee to determine if an elevated adjustment beyond 1.25% is appropriate.

Respectfully,

Jason-Matthys

Administrative Coordinator

#### Exhibit A

## Article X. OVERTIME, COMPENSATORY TIME, AND OTHER COMPENSATION

A. For payroll purposes, the work week shall run from Sunday through Saturday. Under the provisions of the Fair Labor Standards Act (FLSA) as applied to public employees, overtime and/or compensatory time may be accrued by employees in the non-exempt status. All nonexempt employees are eligible for overtime and/or compensatory time for any time worked in excess of 40 hours in a week. Paid time off shall not be considered hours worked for purposes of computing overtime. Holiday hours shall be considered hours worked for purposes of computing overtime. Employees who are scheduled or called in to work on a holiday shall be paid one and one-half  $(1 \frac{1}{2})$ times their regular rate of pay for all hours worked on the holiday. A non-exempt employee accrues one and one half (1 1/2) times his/her regular rate of pay or is granted compensatory time at one and one half (1 1/2) times his/her regular hours for all time worked in excess of forty (40) hours in a work week. Overtime work requires the prior-approval of the employee's supervisor. Employees may request compensatory time in lieu of overtime. County departments may choose to limit the compensatory time accrual and pay out one and one-half (1 ½) times the straight rate. If approved, employees may accrue up to a maximum of forty (40) hours on the basis of one and one-half hours of compensatory time for each hour of overtime worked. The schedule of the use of compensatory time should be subject to the approval of the employee's supervisor. Compensatory time not used during the year shall be paid out on the last payroll of the year and cannot be carried over from year-to-year.

Highway employees who are compensated at a higher rate during the winter months and a lower rate during the summer months are not eligible to accrue compensatory time during the months at the lower rate. (Any hours worked in excess of 40 in a week shall be paid out as overtime.) However, these highway employees may use previously accrued compensatory time in the summer months but it shall be used at the summer rate of pay.

Law enforcement personnel are subject to special provisions under FLSA.

Employees determined to be <u>exempt</u> under the executive, administrative, or professional status provisions of the FLSA are not eligible for overtime/compensatory time. They do not accrue work hours beyond the regular workweek in anticipation of additional compensation or leave time. Exempt employees are expected to work whatever hours are necessary beyond the regular workweek to assure that a complete and adequate job is done. However, Department Heads may use discretion in granting time-off to exempt employees in recognition of their work efforts. Extraordinary situations are referred to the Finance and Personnel Committee for review.

Department Heads are required to maintain auditable records on compensatory time. No compensatory time may be earned during a working day. Work outside the normal workday requires prior approval for non-exempt employees. Compensatory time cannot be used beyond five (5) consecutive days at a time.

#### B. Reporting and Other Call-Out Pay

- 1. Call-in/reporting time pay: In the event any employee reports or is called in to work and is sent home, he/she shall receive a minimum of two (2) hours pay. In the event an employee is called back to work outside their regular work day, the employee shall be eligible to receive a minimum of two (2) hours pay. If an employee is called back to work on a day in which reporting time pay was already received, he/she shall again be eligible to receive a minimum of two (2) hours pay.
- 2. Employees in classifications of Mental Health Therapist I or II; CSP Clinical Coordinator; Lead Social Worker; Social Worker I, II or III, AODA Counselor I, II or III, Drug Court Coordinator and Human Services Worker shall be compensated as follows:
  - a. Employees may be on call-out status at the request of the Director. Employees in positions that are not classified as 40-hour per week who are called out during other than working hours shall receive pay at the straight time rate of hours between thirty-five (35) and forty (40) hours per week and pay at time and one-half (1 ½) for hours worked in excess of forty (40) hours per week.
  - b. Employees will be assigned to on-call status as needed on a weekly basis. Employees will be paid one-dollar (\$1.00) two dollars (\$2.00) per regular week hour (\$1.50 \$2.25 per weekend hour and \$3.75 per holiday hour on holidays) while assigned to on-call and must have a pager or cell phone in their possession at all times. They must respond to a page within thirty (30) minutes. The employees and the Union agree that all reasonable overtime assignments must be accepted.

When called out the employee shall be paid for a minimum of two (2) hours. All employees will receive compensatory time for actual time logged for telephone calls taken or made during on-call status.
